UPPER MT GRAVATT QLD 4122

Dear Richard

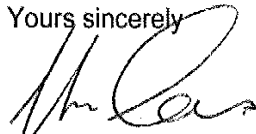

Re: Andrew Campbell and Termite Action Group

Thank you for forwarding to us a copy of your request to the Productivity Commission for a grant to support the work being done by Andrew Campbell and the Termite Action Group.

As you are aware, we support Andrew Campbell's position on the need to reform the debacle that currently exists in termite management in Australia. We firmly believe Andrew Campbell has a thorough understanding of the current shortcomings of the vast array of termite management systems currently employed in Australia and is well positioned to provide invaluable input to sorting out the problems in the future.

We would be pleased to support any application for a grant.

Yours sincerely

J. McCARRON
Managing Director

R. HOVEY
Chief Executive Officer
